BROKE EVEN ON A DOUBLE-HEADER.

Salt Lake Took First, Making it Four Straight-Game Today.

MEREDITH MADE SHUT OUT.

Little Southpaw Displayed Old-time Form and Miners Could Do Nothing With Him Yesterday.

PACIFIC NATIONAL LEAGUE.

Pld. W. L. P.C.

Once more our team has managed to climb up to third place, and if the boys will only keep up their brilliant work, there is a good chance to land the rag the four teams are fighting for. In yesterday afternoon's double-header, the Gimlinites took the first game, making it four straight victories. The score was seven

to a shut out. The second game was won by Butte, the score being 6 to 3. The teams conclude their series today.

In the first game, Elmer Meredith was in the box for the home bunch, and he In the box for the home bunch, and he forever put a quietus to the mild talk going the rounds to the effect that he had retrograzed somewhat. Elmer was there with his old time form—with cannon ball speed, and the most puzzling kind of twisters. He had the visiting batters in the air most of the time, and only two men reached as far as third base. Six hits, scattered, was all the Butte batters could set from the little southpaw's delivery. Of course, he was not the whole thing, for the team behind him gave errorless support, and with such pitening and brilliant fielding, there was little or on chance to lose. Meredith did not give a pass to first during the entire nine inlings.

Endle Quick was on the rubber for

pass to hist during high.

Eddle Quick was on the rubber for Butle, and pitched a great game until the sixth inning when he made an error which started the pyrotechnics. Two runs came in, and five more were chalked up in the following inning as a result of the visitors going up into the blue ether.

Meredith did some great work on bases as well as in the box. Every time up he got a life, and scampered home twice. HAPPENINS IN THE SECOND,

Vasbinder outpitched Titus in the second mix-up. Errors and passes did much
to give Butte the game. This combination was responsible for at least half of
Butte's runs.
Vasbinder managed to keep the Gimlinites fooled practically all the time, and
the eight hits they managed to make,
did not prove sufficient to carry off the
honors.

did not prove sufficient to carry off the honors.

The worst trouble for Salt Lake happened in the fourth. Ward was given a pass, Laily and Schaffer hit files to the outfield and then Bandelin was given transportation to first. McHale bingled a safe one, scoring Ward. A bad throw to third was made, on which Bandelin and McHale scored. In the sixth -ally made a safe one and got to second on sanny Jim's sacrifice. Bandelin hit to Hannivan and McHale got safe on another error. The latter went down to second and beat the ball while Laily dashed for home, beating the ball there. Sait Lake accomplished nothing in the run getting line until the sixth when "Bottch" Muller scaked out one for three cashions. Hannivan's fly to left permitted him to score. Another run came in the seventh when Hannivan hit safe after two men were benched. He got third on Weed's single and when Gimlin made a hit for two sacks, both scampered home.

SATURDAY'S BALL GAME.

Gimlinites Walloped Butto Miners by Score of Four to Three.

On Saturday afternoon the home ball team took the third straight game from the Butte Miners by the close score of 4 to 3, and also moved up to third place in the climb for the pennant.

The pitchers were Bandelin for Butte and Jimmy Wiggs for Salt Lake. The latter was touched up for ten hits, while Bandy was pounded for thirteen.

The game was a tight one. In the last inning, a hit would have won the game for Butte. With men on bases, Vasbinder hit a swift one to Clark. The latter nailed it and beat Vasbinder to the sack, retiring the side and winning the game. Here are the figures:

BOISE GETS EVEN.

Infants Waltop Indians and Get Back to First Place. Boise, Ida., June 19.—A bunch of errors of Spokane in the sixth inning clinched the game for Boise. Outside of that inning the game was spirited in the extreme. The pitching of Loucks and Thompson was very good, but five hits being secured off the former and six off the latter. Umpire Ward did somewhat better work, but made some bad decisions. These told most against Spokane. Score Batteries - Thompson and Weaver;

EAGUE. PLO BESULT OF THE **AMERICAN DERBY**

Great Annual Event at Chicago Was Captured by High Ball.

THE FAVORITE WAS DISTANCED.

English Lad Could Do No Better Than Fourth-Woodson, a Long Shot, Was Second.

A Saturday dispetch from Chicago says: Without feeling the touch of whip or spur, and running entirely on his own courage, High Ball, the three-year-old coft which W. M. Scheftel brought to Chicago from the east, won the American derby at Washington park today, L. B. Dickerson's Woodson, one of the long shots in the race, was second half a length in front of John A. Drake's Rapid Water, English Lad, favorite before the race, was fourth, hopelessly beaten, although he was coming strong at the end. The time, 2:33, equals the bes won last year's derby in exactly the same time. W. M. Schettel, owner of the win-

won last year's derby in exactly the same time. W. M. Schettel, owner of the winner, is a Wall street broker, and this is the first year he has figured prominently on the turf.

For the nest time in the history of the American derby the betting ring today was windut bookmakers: There was some betting, or course, but it was without the knowledge of the 3th policemen scattered over the grounds in command of Assistant Chief of Police Scheuttler. There were policemen everywhere—in the stand, in the paddock, in the betting ring, on the lawn, and in the field. Private detectives made up the rest of the army of 8th tank were at the track to enforce the law and prevent betting. None, however, was necessary, as there was practically no attempt to violate the law. Any octs that were made were handled secretly. It was a pencil mark on the cuff or a scrawl on a program. Usually the betting was transacted by signals. This system, however, went only for the big betters. As for the man of limited means, there was no chance for him today, and as a result he soved his money.

The absence of betting did not detract from the race itself, nor from the crowd. Spectators, perhaps, were less numerous than last year, when it was estimated that 60,000 persons passed through the gates. Today about 10,000 or 15,000 less saw the race. It was, however, the same riot of color on the lawns, clubhouse steps and in the infield. Tallyhos, drags and other splendid turnouts were there in force, and the cheering was just as lusty at the finish.

VICTORY OF EASTERN COLT POPU-

LAR.

The victory of the eastern colt was popular, despite the many backers who had pinned their faith in the winter books on English Lad, Moharib and Bill Curtis. Fuller, who had the mount on the winner, rode a magnificent race. High Ball was well within himself all the way and when challenged in the stretch he had plenty to fall back upon.

One of the 199 original nominations for the race sixteen faced the barrier today, Rainland and Proofreader, two of last night's entries, were scratched, and Mayor David S. Rose and Copper Copperfield were scratched.

Once in the starter's hands, Volney and High Ball kept the man with the flag busy, and the field was held at the barrier eleven minutes. With the tape finally released, Proceeds shot to the front and remained there for a quarter of the journey. The start was good, but ill-luck befell some of the horses before half a furlong had been traversed. English Lad got in a pocket and was compelled to pull up. In doing so the favorite fell to his knees, only to recover his stride and to be bumped again. In this fab Bill Curtis was badly cut down, and his owner after the race said that he might never race again. Fort Hunter, the Canadian colt was hamed for the interference.

Curtis was badly cut down, and his owner after the race said that he might never race again. Fort Hunter, the Canadian colt, was blamed for the interference. This colt had a hard journey also, getting into a pocket, then working free and leading for a short time. These quick changes settled any chance he might have had to win the race.

Proceeds retained the lead until opposite the clubnouse, where he commenced tofall back. All this time Fuller, on High Ball, had rated his mount about two lengths behind, but always within call of the leader. Rapid Water, running easily, hung on in third place until the sixth furlong had been passed. English Lad, after gettine off sixth, soon fell back to thirteenth place, and remained there for more than two furlongs. Dominick gradually worked the favorite through the field in front of him, only to find himself cut off again. Moharib, next to English Lad, the most heavily backed horse in the race, was less interfered with. Jockey Shaw, who had the mount on Moharib, avoided the crush around the turns and was third into the stretch but the pace was too fast for him when the finish came. The same applies to Fort Hunter. ON THE HOME STRETCH.

ON THE HOME STRETCH.

In the meantime Proceeds had set the field a merry race, with High Ball and Rajid Water in attendance, On the back stretch Proceeds faded away to nothing, while High Ball moved up and took command. The remainder of the field had no chance, and were strung out for an eighth of a mile. Moharib hung on gamely, Rapid Water for an instant fell back, but came again and headed Woodson. The latter came with a fine burst of speed at the close and finished half a length in front of Rapid Water. English Lad, who had found clear salling at last, started after the leaders, with Dominick working with might and main.

Dr. J. G. Douglas Kerr's yawi Valdora was the winner of the race, Emperor William cup, over the course from Dover to Heliogland, which started Saturday morning. The cutter Nicandra, owned by John Ferguson, was second; Richard H. Lee's yawi Wendur third, and the Ketch Carlad fourth. The schooner Ingomar, owned by Morton F. Piant, of New York, was the first to reach the winning port, artiving here at 2:21 o'clock this mornin, unwards of 2 hours sheed of the cutter Clara, but the American schooner was scratch boat and had to allow all competitors handleepe, raging from sive to nine and one-half hours.

In the meantime Fuller, on High Ball, skinned the rail, followed by Woodson. Fuller had High Ball well in hand, and a sixteenth from the wire had the field thoroughly beaten. Woodson and Rapid Water were under whip and spur, but High Ball kept in front and swept under the wire a winner by a length and a half, Woodson was half a length in front of Rapid Water, the latter being three-quarters of a length ahead of English Lad. Moharib was a distent fifth. The remainder of th efield was badly strung out.

out.

The race had a gross value of \$31,575, of which \$25,575 went to the winner. High Ball's owner was said to be a heavy winner outside of the value of the stake. John A. Drake was credited with winning \$18,000 on Rapid Water to finish in third place. An offer for a match between English Lad and High Ball was declined by Mr. Scheftel as he wil iship his stable back to the east next Monday. THE SUMMARY:

Swindells, Butte's catcher, has met with a streak of bad luck this season. Twice he has been laid up with an injured hand, and yesterday he met with another accident which will keep him out of the game for several days at least. In the sixth inning yesterday, with Wiggs at bat, the batter struck a wide swift one and Swindells caught in with his bare hand. Two fingers were doubled back and thy nails torn off. The game was stopped and Spencer took the catcher's place. The injury was extremely painful and the unfortunate man nearly fainted.

Permission having been granted him to return to France. Albert Champion, the French bicycle rider, will sail for Europe on June 23, in company with George Leander, who has secured his release from the Rambier racing team in order to enjoy an inning on the foreign tracks. It will be remembered that Champion was supposed to return to France in order to serve his time in the army, but instead he elected to continue blevcle and automobile racing in America. The French lad, who was looked upon as a permanent resident, says he will come back again within a year.

THE HEALTHY PHILIPPINES.

Secretary Taft is performing a service for the Philippines of a practical and most valuable kind by emphatically denying reports in regard to the invalubrity of the climate and inlands' general unfitness for white habitation. general unfitness for white habitation. The secretary is in a position to speak with authority upon this point, as upon most other things connected with our insular possessions, and his statement before the national Republican Editorial Convention at Washington recently, that climatic conditions in the Philippines have been grossly misrepresented and that they are, on the resented and that they are, on the whole, entirely favoroble to health, provided that common sense is exercised, will be accepted as conclusive. It is well to have this statement made in such nositive form from such a source, for nothing, probably, has operated more directly to restrain white emigration of the better sort to the Phillippines than the current belief that the climate was almost intolerable for a part of the year. In the Philip-pines, as in Cuba, Porto Rico, and cisewhere in the tropics, the immunity which a resident may enjoy from dis-ease and discomfort depends largely upon the extent to which he accom-modates himself in dress, diet, and manner of life to local conditions, and also upon the degree in which the local authorities enforce a general observance of sanitary laws.
